

Cookie Policy

Like most applications, Xperta uses cookies to help provide you with the best experience we can. Cookies are small text files that are placed on your computer or mobile phone when you browse websites. Cookies can be used to collect, store and share bits of information about your activities across websites, including on Xperta.pro website. Cookies might be used for the following purposes:

- To enable certain functions and make Xperta work as you would expect
- remember your details so you don't have to enter them each time you log in (if you so choose)
- To store your preferences and remember your settings in Xperta
- To improve the speed and security of Xperta
- To provide analytics
- To provide social media features and enable Xperta marketing on third party websites.

Xperta.pro uses both session cookies and persistent cookies.

A session cookie is used to identify a particular visit to our Website. These cookies expire after a short time, or when you close your web browser after using our Website. We use these cookies to identify you during a single browsing session, such as when you log into our Website.

A persistent cookie will remain on your devices for a set period of time specified in the cookie. We use these cookies where we need to identify you over a longer period of time. For example, we would use a persistent cookie if you asked that we keep you signed in.

Granting Xperta permission to use cookies

If the settings on your software that you are using to view this website (your browser) are adjusted to accept cookies we take this, and your continued use of our website, as consent. Should you wish to remove or not use cookies from our site you can learn how to do this below, however doing so will prevent the service from working.

Website Function Cookies

We use cookies to make our website work, including:

- determining if you are logged in or not;
- remembering your search settings;
- showing which pages you have recently viewed;
- tailoring content to your needs;
- remembering your preferences.

As these cookies are integral to our service, there is no option to opt-out. If your browser settings are set to prevent cookies, Xperta may not run correctly.

Third party functions

Our site, like most websites, includes functionality provided by third parties. Disabling these cookies will likely prevent the functions offered by these third parties from running. Third party companies like analytics companies and our marketing partners generally use cookies to collect user information on an anonymous basis.

What are your cookie options?

If you don't like the idea of cookies or certain types of cookies, you can change your browser's settings to delete cookies that have already been set and to not accept new cookies. To learn more about how to do this, visit the help pages of your browser.

Please note, however, that if you delete cookies or do not accept them, you might not be able to use all of the features we offer, you may not be able to store your preferences, and some of our pages might not display properly.

Update: October 2019
